

The Porkosaurus Burger

The Porkosaurus Burger is always a winner with grilled vidalia onions and white and yellow cheddar cheese.

WHAT YOU WILL NEED

- 2 lb ground chuck (80/20)
- 2 tbl spoons of Porkosaurus Original BBQ Rub.
- 1 vidalia onion cut in slices
- 1 tomato cut in slices
- lettuce and pickle

INSTRUCTIONS

1. We like using 80/20 ground chuck for our burgers, it just has the right amount of fat to meat ratio.
2. Make sure you season (Porkosaurus rub) the meat and mix well before forming the patties. *If you just season your patties the spices will blacken.
3. Burgers are great for any occasion and you could add almost anything you like to garnish up your burger.
4. Whether its bacon, blue cheese or avocado the limits are endless so have fun with it and hope you enjoy our seasoning as much as we do.
